Warmth & Elegance

DVHVAC36 HEATING & COOLING GAS FIREPLACE

Majestic brings innovation to market with this exclusive heating and cooling fireplace. Ideal for new homes or renovations where both supplemental or primary heating and cooling is essential.

Majestic has combined the direct vent fireplace model DVR36 - (equipped with a rear vent balanced flue system) with an air filter and air circulating blower to work along side an optional central air conditioning unit of up to 2 tons capacity. It operates with the use of a 24 volt thermostat - just like your furnace - to ensure comfortable heating and cooling levels.

Standard Features - Fireplace Heat

- Rear vent direct vent
- Max input: 40,000 BTU's, Min input 25,000 BTU's for both natural gas and propane
- 81% efficient (steady state); 78% efficient (AFUE)
- Multi-speed direct drive air circulating blower
- Return air plenum which comes with a 16" x 16" air filter
- Emergency heat back-up (millivolt system) for room in which unit is located
- Tubular heat exchange system allows more surface area for heat exchange
- Adjustable flame & heat output
- Patented Insta-Flame Ceramic Burner System for durability and unsurpassed realism
- 6 piece ceramic fiber log set
- Ceramic refractory brick lining
- Shallow depth allows for unobtrusive, go-anywhere installation; must be used with a mantel cabinet with front access to service fan system
- Installation allows up to 3 duct runs - each duct run up to 65 equivalent feet, therefore you can locate heating vents in multiple rooms
- Ceramic glass panel
- Design certified by the American Gas Association and Canadian Gas Association
- Limited lifetime warranty assures quality and dependability

Standard Features - Cooling System:

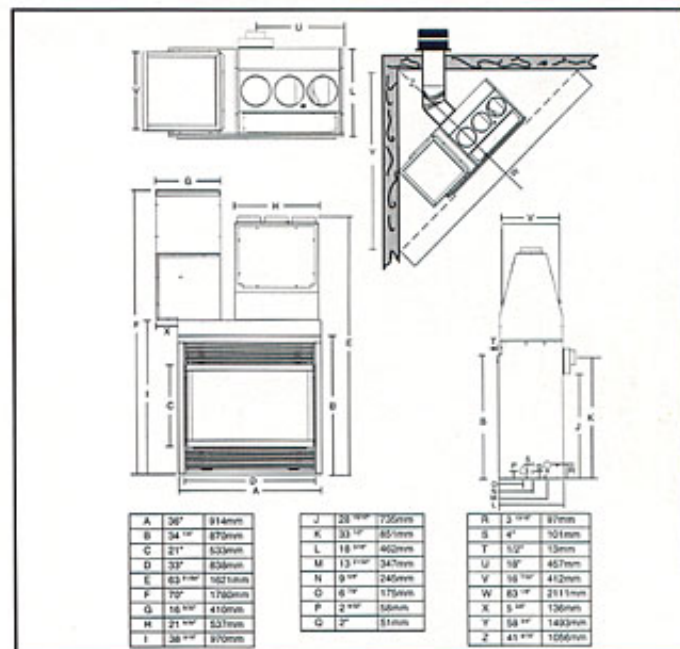

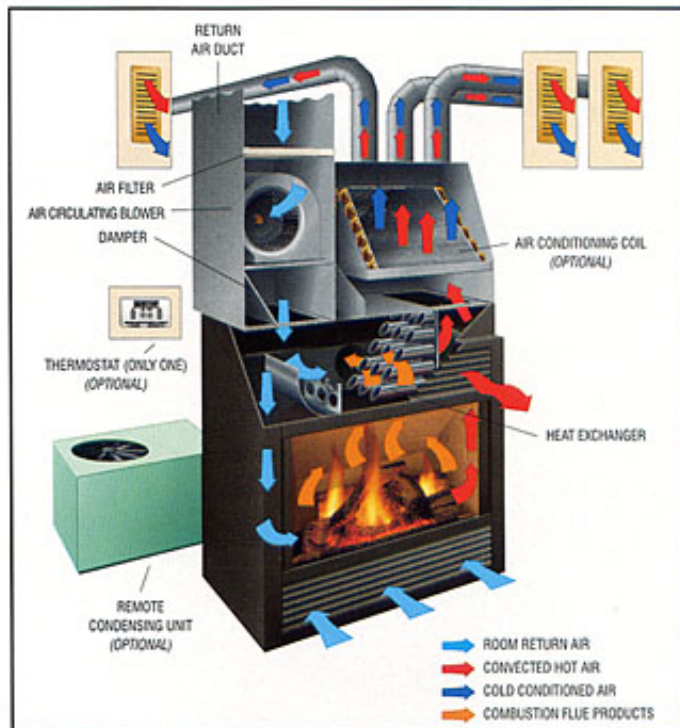

- 24,000 BTU's with an optional central air conditioner unit of up to 2 tons capacity
- Coil cabinet fits most evaporator coils
- Built in relay for air conditioner

Optional Features:

- Majestic mantel cabinet with convenient and discreet front access door to allow servicing and maintenance of system; available in several stained finishes or paint-grade finish
- Venting

Optional items not sold by Majestic:

- Air ducts
- Registers
- Unit is compatible with after-market zone control systems
- Humidifier, electronic air filter
- Split system air conditioning

In the interest of constant product improvements, we reserve the right to change specifications without notice. Before installations, please read installation instructions and check all local Building Codes and Gas Regulations. CDN Patents: 1 284 765, 1 284 766, 1 284 767, 1 295 899. U.S. Patents: 4 838 240, 4 838 241, 4 909 227.
