Model DVBR36 with Arlington Mantel

Model WarmMajic 36 with Covington Mantel

Model SR42 and UVLC30 Logs with Georgetown Mantel

Model DV580 with Queenston Mantel

Nothing completes a hearth setting in your home like a fine wooden mantel or cabinet. The full line of mantels, mantel shelves and cabinets from Vermont Castings, Majestic Products gives you many stylish and decorative choices for making the hearth the heart of your home.

Mantels

Vermont Castings, Majestic Products produces a line of five styles of Mantels. Vermont Castings, Majestic Products Mantels are each custom designed for Vermont Castings, Majestic Products Fireplaces.

Choose from three sizes of mantels (36", 42" and 48") for Vermont Castings, Majestic Products as well as other factory-built and masonry fireplaces, for both new construction and remodeling.

Vermont Castings, Majestic Products Mantels are affixed from the back with heat-resistant adhesive. We never use exposed staples, so you get a clean, unblemished surface with no staple holes.

All units come finish-sanded - ready to be stained or painted. All mantels come in a choice of either paint-grade Poplar or ready-to-stain Oak.

All mantels come with precut scribe moldings to attractively finish gaps between the mantel and the facing material.

ARLINGTON

The Arlington offers classic elegance, with its cove-molded legs and dentil detailing. Available in Poplar or Oak.

COVINGTON

The Covington Mantel offers a strong, classic design with boldly fluted legs and smooth face panel. Covington is available in Poplar or Oak.

GEORGETOWN

Its delicately carved rosette corner accents, fluted legs and thin shelf make the Georgetown Mantel an elegant, yet understated mantel design. Available in Poplar or Oak.

QUEENSTON

The Queenston offers a very strong design, with its bold fluted legs and picture framed header. Available in Poplar or Oak.

WELLINGTON

The Wellington offers clean and stately design, with cove-molded legs and header, and traditional shelf. Available in Poplar or Oak. As shown on front cover.

Mantel Shelves

Vermont Castings, Majestic Products selection of mantel shelves includes styles and sizes to suit nearly any interior design.

MODEL DEF33

Cabinets

Make your fireplace installation both easy and dramatic with a Wall or Corner Cabinet from Vermont Castings, Majestic Products. These wooden cabinets are pre-sized to fit our Direct-Vent, Vent-Free gas fireplaces, and Electric fireplaces and reduce the need for extra installation construction. These easy-to-assemble cabinets come in your choice of paint-grade Poplar, ready-to-stain Oak or Honey Oak finish. Scribe moldings, which give a finished appearance to the gap between the fireplace and cabinet, and all necessary hardware, come standard with the cabinets. Four-inch tall raised hearth bases are available as options on both wall and corner cabinets.

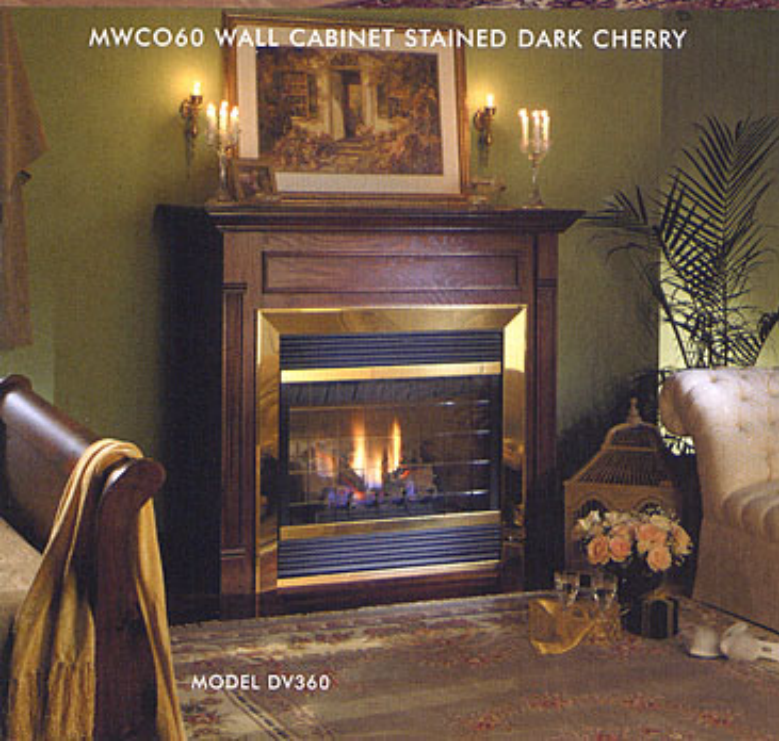

Wall Cabinets

Our Wall Cabinets fit our Direct-Vent, Vent-Free fireplaces and Electric fireplaces, and are easy to assemble, and include all necessary hardware and scribe moldings.
