HEAT PUMP CUT OUT AT 5°C (23°F)										

The enhanced setting possibilities of the new WINIA remote control, along with its new compact and ergonomic design, make it stand out from the competition. Among other advanced characteristics, it is equipped with a liquid Crystal screen that displays various information on the current mode, as well as the following functions:

- Fan speed control
- Swing vane
- Timer control
- Outputting operation mode
- Sleep operation mode
- Temperature selection button
- High power control
- Dry mode
- One hour timer mode
